

MECHANICS' VICE - HEAVY-DUTY RANGE

HARDENED
STEEL JAWS

FUSED STEEL
HANDLE

SAFETY
STOP

IRWIN® RECORD® MECHANICS' VICE

Rigid and robust, the body and sliding jaw are cast from close grained grey iron which is machined on all friction surfaces for a smooth, reliable action.

The jaws, handle and main screw are steel, the latter having a two-start rolled acme thread to speed the jaws from fully closed to fully open with a minimum of winding. The Mechanics' vice is the most commonly used vice in the IRWIN® Record® range. A full line of replacement parts are available.

TWIN-START ACME COLD
ROLLED THREAD

UNBREAKABLE
S.G. IRON NUT

CLOSE GRAINED GREY
IRON BODY & SLIDING
JAW

1. CLOSE GRAINED GREY IRON BODY & SLIDING JAW

Cast then machined on all friction surfaces for a smooth, reliable action

2. SAFETY STOP

Prevents the slide from being separated from the body

3. HARDENED STEEL JAWS

Extend the life of the jaws and are replaceable

4. UNBREAKABLE S.G. IRON NUT

Can be replaced when worn

5. FUSED STEEL HANDLE

Will bend before the vice can be overstressed

6. TWIN-START ACME COLD ROLLED THREAD

For faster and smoother operation
